## ADITION TO THE REGULATION

The 2020 International Photography Contest had to be adapted to the changes caused by COVID-19. Therefore, and in consequence of the current situation, it was necessary to adjust the due dates determined in the Regulation of this competition. As a result, the works delivery date was extended until August 15, 2020, and the announcement of the winners will be on September 10, as indicated in point 7.2 of Chapter VII.

# GUIDELINES

Acknowledging the importance of photography in the shaping of collective memories, the Museu do Douro (MD) continues the photographic contest inserted in the project "Contemporary Photography in the Douro", therefore intending on boosting and giving visibility to the heritage built in the present, part of future memory. This is a photographic capture project focused on the landscape and heritage of the Douro Demarcated Region (DDR) for the creation of a reference archive, in digital media, about the space and time in the Douro Region.

Launched as a partnership with the Instituto dos Vinhos do Douro e Porto, I.P. (IVDP), the contest aims to stimulate contact processes with the territory and its representation, as well as sensitize all participants to the discovery and observation of the Region. The challenge is to portray the memory of the secular Douro Demarcated Region, the people of the Douro Wine Country, its buildings and the objects with which they make wine.

The winning images will be included in the Museu do Douro's "Visual Archives" database, a project that seeks to identify and disseminate the visual documentation associated with the Demarcated Region.

Through the differentiated look and interpretation of each participant it is intended to obtain visions of memory of the territory based also on future perspectives.

Understanding (possibly) unknown places in this territory and promoting a new look at photography are the main objectives of this competition, inserted in the patronage protocol between the Museu do Douro and EDP - Gestão da Produção de Energia S.A. (EDPP).
